Brief Description: The AGENCY's Office of Planning and Programming (OP&P) in cooperation with the Division of Highways is seeking a qualified Vendor to develop and produce a State Bikeway Plan. The State Bikeway Plan must include a minimum forecasting of twenty years to be consistent with the AGENCY's Long Range State Transportation Plan which is currently being developed, and will incorporate the completed State Bikeway Plan by reference. The State Bikeway Plan will incorporate AGENCY's current policies, goals and objectives, evaluate any proposed federal or state legislation, recommend performance measures, and develop goals and objectives specific to the bikeway system while incorporating sustainability and livability concepts. This evaluation must include any potential impacts these may have on the AGENCY's existing programs. The State Bikeway Plan will be used to identify current and future corridors for investments and development as well as methodologies that could be used for determining benefits and project selection. To establish a baseline for the existing bikeway system, the Vendor shall be required to collect and examine existing bikeway plans from agencies throughout the state which have developed bikeway plans for their regions. The plan will need to identify current funding mechanisms for implementation of bikeway-related improvements and explore future funding opportunities as well as determine estimated costs for build out of specific corridors identified in the plan. Along that line, the plan also must develop a vision for the U.S. Bicycle Routes system and the benefits such a system may have to the state. This plan will also be used to educate the public on the AGENCY's current bicycle policies and programs. Public input from stakeholders and special interest groups will be very important to developing the State Bikeway Plan and for guiding future AGENCY policies/goals/objectives specific to the bikeway system. Safety issues for the bicycling community must be addressed and recommendations for improving safety are to be included in the State Bikeway Plan.

SECTION 2 - HOW WE WILL EVALUATE OFFERS

2.1 OFFER RESPONSE FORMS: We will evaluate the information you provide in the Offer Response Forms. You will find these forms in later sections of this solicitation.

2.2 EVALUATION CATEGORIES: We evaluate four categories of information: Administrative Compliance, Responsibility, Responsiveness, and Price. We will consider the information you supply or don't supply, and the quality of that information when evaluating your Offer. If we find a failure or deficiency, we may have to reject the Offer or reflect that in the evaluation.

2.2.1 ADMINISTRATIVE COMPLIANCE: We will determine whether your Offer complied with the Instructions for submitting Offers. Except for late submissions, we may require that a Vendor correct deficiencies as a condition of further evaluation.

2.2.2 RESPONSIBILITY: We will determine whether you are a "Responsible" Vendor; a Vendor with whom we can or should do business.

- i. A "Responsible" vendor must exist as a legal entity and must be authorized to do business in Illinois at the time a bid or proposal is submitted for a State contract. Evidence of good standing can include Certificate of Good Standing, copy of assumed name certificate from home county, etc.
- ii. Public Law 96-0795 provides that a "prohibited bidder" includes a person assisting the State of Illinois or a State agency in determining whether there is a need for contract unless such information was part of a response to a publicly issued request for information (RFI). Additionally, one assisting the State by reviewing, drafting or preparing a request for proposals or request for information or provided similar assistance is deemed a prohibited bidder. See certifications section of the Contract for the required certifications prior to entering into a contract with the State of Illinois.
- iii. Other factors that we may evaluate to determine Responsibility include, but are not limited to: certifications, conflict of interest, financial disclosures, taxpayer identification number, past performance, references (including those found outside the Offer,) compliance with applicable laws, financial stability and the perceived ability to perform completely as specified. Every bid submitted to and contract executed by the State and every subcontract subject to Section 20-120 of the Procurement Code shall contain a certification by the bidder, contractor, or subcontractor, respectively, that the bidder, contractor, or subcontractor is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer shall declare the related contract void if any of the certifications are false.

2.2.2.1 Please provide three years of financial data, does not have to be an audited statement to demonstrate the financial capacity to carry out the scope of services of the RFP, the Vendor must provide end-of-year financial statements for the last three (3) years. Please include the 3 years financial data in your Sealed Technical Proposal.

2.2.2.2 The Vendor's past performance on contracts obtained through references and/or past performance reviews will be reviewed as part of the overall evaluation.

You must at all times have financial resources sufficient, in the opinion of the State, to ensure performance of the contract and must provide proof upon request. The State may terminate the Contract, consistent with the termination for cause provision of this Contract, if the Vendor lacks the financial resources to perform under the Contract. We may require that a Vendor correct any deficiencies as a condition of further evaluation.

2.2.3 RESPONSIVENESS: We will determine whether the Offer meets the stated requirements. Minor differences or deviations that have negligible impact on the price or suitability of the supply or service to meet the State's needs may be accepted or corrections allowed. If no administratively compliant and responsible Vendor meets a particular requirement, we may waive that requirement. When the specification calls for "Brand Name or Equal," the brand name product is acceptable. Other products will be considered with proof the other product meets stated specifications and is equivalent to the brand product in terms of quality, performance and desired characteristics.

2.2.4 PRICE: We will identify the lowest priced Offer that meets Administrative, Responsibility and Responsiveness requirements. We will rank Offers in order of Price when appropriate.

2.3 AWARD: We will award to the Responsible Vendor whose Offer passes Administrative review, is Responsive, and who submits the best value as shown by the combination of Responsiveness and Price.

We will determine how well Offers meet the Responsiveness requirements. We will rank Offers, without consideration of Price, from best to least qualified using a point ranking system (unless otherwise specified) as an aid in conducting the evaluation. Vendors who receive fewer than the minimum required points will not be considered for Price evaluation and award.

If we do not consider the Price to be fair and reasonable and we cannot negotiate to an acceptable Price, we reserve the right to cancel the award and take appropriate action to meet our needs. We will determine whether the price is fair and reasonable by considering the Offer, including the Vendor's qualifications, the Vendor's reputation, all prices submitted, other known prices, the project budget and other relevant factors.

The point evaluation system is described below:

SECTION 3 - SPECIFICATIONS / QUALIFICATIONS / STATEMENT OF WORK

3.1 AGENCY'S NEED FOR SUPPLIES / SERVICES

The AGENCY currently has a contract under way to develop the Long Range State Transportation Plan which is to be completed by December 31, 2012. One element of that Long Range State Transportation Plan is a State Bikeway Plan. The AGENCY is seeking a qualified vendor to prepare a State Bikeway Plan which shall ultimately become a part of the Long Range State Transportation Plan. The current level of AGENCY staffing and expert knowledge to develop a State Bikeway Plan is not adequate for a task of this proportion.

The AGENCY seeks to develop a plan that must help determine what the existing bikeway accommodations are, what they need to be in the near and long-term future, and what type of investments are required to meet those needs. A bikeway plan is needed at the state level; currently, bike, pedestrian and recreational trails are coordinated and planned by a combined effort from community partnerships, various local government entities, MPO's and other state agencies. The purpose of a State Bikeway Plan shall be to provide a clear channel of communication, planning and information with IDOT as the single lead agency within the state of IL. The bikeway plan shall provide guidance, answer questions and compile information regarding available funding sources at all government levels.

Furthermore, the purpose of a State Bikeway Plan is to develop a sustainable approach to alleviate congestion and provide a flexible, convenient and alternative travel option for the people of Illinois. The plan and its policies shall be designed to be integrated and coordinated with IDOT's overall transportation planning process.

3.2 SUPPLIES AND/OR SERVICES REQUIRED

3.2.1 The Vendor shall be required to conduct public involvement meetings, including meetings with stakeholders and special interest groups on a statewide basis. Consideration of forming a Citizens Advisory Group shall be determined through discussions with the AGENCY. Vendor must be well-versed in public involvement activities and have the ability to compile and examine input received from the public. Vendor shall be responsible for providing multi-lingual interpretation services as necessary.

3.2.2 Vendor must have previous experience with development of bikeway plans at a state or regional level. Knowledge of state and federal planning requirements as well as those specific to bikeway provisions is required to: help identify potential corridors for future investments; educate the public on state and federal regulations and programs related to bicycle accommodations; explore best practices and innovative ideas to improve safety; and guide the evolving development of this growing modal option. To establish a baseline for the existing bikeway system, the vendor shall be required to collect and examine existing bikeway plans from agencies and local units of government throughout the state which have developed bikeway plans for their region.

3.2.3 Technology must also be studied and taken into consideration with regard to: bicycle GPS mapping systems; available smart phone applications for bikeway travel; interactive & easy-to-use websites; and tourist information that lists nearby amenities such as medical assistance, restaurants, sightseeing/historical sites, etc.

3.2.4 Vendor shall be required to examine methodologies for determining benefits of bikeway improvements as well as methods used for project selection, including, but not limited to benefit/cost ratio and life cycle costs. A discussion of available and potential funding mechanisms must be developed and summarized as part of the plan and must be used as part of the public outreach materials. The cost for these public involvement meetings and/or activities will be part of the total contract cost.

3.3 MILESTONES AND DELIVERABLES

The timelines below must be used as a guideline and are based on the contract-start date. The selected Vendor shall be responsible for submitting a detailed schedule of deliverables.

- 3.3.1 Within 30 days of contract execution date, meet with IDOT staff to discuss plan requirements, Vendor proposal and schedule of deliverables.
- 3.3.2 After initial meeting with IDOT staff, Vendor shall develop a website to solicit and disseminate information to the public about the plan as well as provide a forum for collection of public comments. The website shall be published on the AGENCY's home website not more than two months after the contract-start date and shall be monitored by the Vendor.
- 3.3.3 Within the first 6 months of the contract, the Vendor shall:
 - 3.3.3.1 Develop handout materials for public involvement meetings and website dissemination.
 - 3.3.3.2 Investigate state and federal bicycle policies and regulations; must be done before public involvement begins and must be part of the public involvement materials.
 - 3.3.3.3 Collect and review bikeway plans from Illinois Metropolitan Planning Organizations, Regional Transportation Agencies, Counties and other entities that produce a regional type of bikeway plan. This collection of plans shall likely come in many diverse forms. In order to properly review the various bikeway plans it shall likely be necessary to convert some of them into a common geographical format such as GIS. The bikeway plan review should identify commonalities, consistencies (and inconsistencies) between the plans and evaluation of local and regional goals and objectives that might serve as a basis for developing bikeway specific AGENCY goals and objectives.

- 3.3.3.4 The Vendor must present its findings after review of the various regional bikeway plans on a map or maps that shall accurately depict the existing regional bikeway plans and identification of significant bikeway corridors. This map(s) shall be used for public information meetings and to identify existing needs and potential corridors for future development.
- 3.3.3.5 Determine current bikeway accommodations, where potential gaps are in the system and where connectivity can be improved. This effort must correspond with timing of public involvement and stakeholder meetings and carry through until DRAFT plan is prepared.
- 3.3.4 Vendor shall conduct 8-10 public involvement meetings across the state as well as conduct additional 8-10 meetings with stakeholders and special interest groups before a State Bikeway Plan DRAFT is presented. Vendor shall be required to meet with each Metropolitan Planning Organization (MPO) separately. These MPO meetings could possibly be coordinated with the MPO's Policy committee meetings.
- 3.3.5 On-Going Project Elements would include but not be limited to:
 - 3.3.5.1 Reviewing methodologies for project selection and determining benefits of bikeway projects.
 - 3.3.5.2 Discussions on the U.S. Bicycle Route system, which shall require coordination with neighboring states and the Safe Routes to School program.
 - 3.3.5.3 Study recreational uses vs. transportation uses, the interconnectivity of bikeway systems on local, regional and national levels and the connectivity to transit and bus services while incorporating discussion of whether routes permit or are intended for bicycle usage as discussed in the Boub vs. Wayne court ruling.
 - 3.3.5.4 Recommendations as to what the vision of a future bikeway system should be, what it takes to meet that vision, potential impacts that such a vision may have, and costs associated to meet that vision.
 - 3.3.5.5 Monitoring and maintenance of the State Bikeway Plan website.
- 3.3.6 Within four months of contract-end date:
 - 3.3.6.1 The Vendor shall compile public, stakeholder, special interest group comments and publish a summary of those comments for the AGENCY. A public involvement summary shall also be published on the project website once approved by the AGENCY.
 - 3.3.6.2 The Vendor shall prepare a State Bikeway Plan DRAFT and deliver DRAFT for AGENCY & public review. There shall be a review and public comment period on DRAFT plan.
 - 3.3.6.3 After DRAFT review and public comment period, the Vendor shall compile all comments on DRAFT plan, revise DRAFT plan and deliver final DRAFT plan to AGENCY.
 - 3.3.6.4 AGENCY review of final DRAFT.
 - 3.3.6.5 Vendor shall make any revisions and complete FINAL State Bikeway Plan.
- 3.3.7 No less than one month before contract-end date, Vendor shall deliver FINAL State Bikeway Plan. Vendor shall supply AGENCY with a master copy from which additional paper copies can be reproduced as well as a CD that can be reproduced. Vendor shall post FINAL plan on the bikeway plan website.

(a) No federal appropriated funds have been or will be paid by or on behalf of the Vendor to any person to influence or attempt to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress regarding the award of federal assistance, or the extension, continuation, renewal, amendment, or modification of any federal assistance agreement; and (b) If any funds other than federal appropriated funds have been or will be paid to any person to influence or attempt to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any application for federal assistance, the Vendor assures that it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," including information required by the instructions accompanying the form, which form may be amended to omit such information as authorized by 31 U.S.C. 1352. (c) The language of this certification shall be included in the award documents for all sub awards at all tiers (including subcontracts, sub grants, and contracts under grants, loans, and cooperative agreements).

The Vendor understands that this certification is a material representation of fact upon which reliance is placed and that submission of this certification is a prerequisite for providing federal assistance for a transaction covered by 31 U.S.C. 1352. The Vendor also understands that any person who fails to file a required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

7.3.14.3 CONTROL OF PROPERTY:

Vendor certifies that the control, utilization and disposition of property or equipment acquired using federal funds is maintained according to the provisions of A-102 Common Rule.

7.3.14.4 COST PRINCIPLES:

7.3.14.6 DEBARMENT:

Vendor shall comply with Debarment provisions as contained in 2 Code of Federal Regulations, 1200 as amended. Vendor certifies that to the best of its knowledge and belief, Vendor and Vendor's principals: a) are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any federal Agency/Buyer or agency; b) within a three-year

period preceding this Contract have not been convicted of or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain or performing a public (federal, state or local) transaction or contract under a public transaction, violation of federal or state anti-trust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property; c) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses enumerated in subsection (b), above; d) have not within a three-year period preceding this Agreement had one or more public transactions (federal, state or local) terminated for cause or default.

The inability of a prospective Vendor to certify to the certification in this section will not necessarily result in denial of participation in this Contract. The prospective Vendor shall submit an explanation of why it cannot provide the certification in this section. This certification is a material representation of fact upon which reliance was placed when the Agency/Buyer determined whether to enter into this transaction. If it is later determined that Vendor knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Agency/Buyer may terminate this Contract for cause. The Vendor shall provide immediate written notice to the Agency/Buyer if at any time the Vendor learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this Section shall have the meaning set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549.

The Vendor agrees that it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized, in writing, by the Agency/Buyer. The Vendor agrees that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the Agency/Buyer, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions. The Vendor may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless Vendor knows the certification is erroneous. Vendor may decide the method and frequency by which it determines the eligibility of its principals. Each Vendor may, but is not required to, check the Non-procurement List. If a Vendor knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation, in addition to other remedies available to the federal government, the Agency/Buyer may terminate this Contract for cause or default.

Nothing contained in this section shall be construed to require establishment of a system of records in order to render in good faith the certification required by this section. The knowledge and information of a Vendor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Upon notification by the Federal Government or the Agency/Buyer to the Vendor of its failure to implement its approved DBE program, the U.S. DOT may impose sanctions as provided for under 49 CFR Part 26, as amended, and
